Frequently Asked Questions (FAQs)

1. **Do I need an I-20?**
   You need an I-20 if you come for any program with 18+ hours of instruction per week. An I-20 is issued by UCR IEP after you've been accepted. You use it to apply for an F-1 student visa at your local consulate/embassy. Conversation and American Culture and Custom Designed Programs with less than 18 instruction hours per week do not require an I-20 or an F-1 student visa. See our website for more details (www.iep.ucr.edu/apply).

2. **Am I required to purchase health insurance through IEP?**
   Yes, you are required to purchase the UC Extension Student Injury and Sickness insurance plan, even if you have your own policy. U.S. citizens and permanent residents are exempt; however, they must provide proof of insurance. UC Extension insurance offers unlimited coverage, and it costs $50 per week. See www.iep.ucr.edu/healthpdf for more details.

3. **What is the deadline to apply?**
   We accept English language program applications until the program is full, but we recommend applying at least 60 days prior to the program start date (see page 4). Send your application early as it can take several weeks for you to receive your I-20 and apply for your visa.

4. **When do I need to pay my program fees?**
   All program fees are due on or before Program Start Date. See our website (www.iep.ucr.edu/apply) for acceptable payment methods.

5. **What if I decide I can't attend the program after all? Can I get a refund?**
   You may be eligible for a refund. See the Refund Policy below.

**Information about Immunizations at UC Riverside**

All students enrolled in bachelor’s degree and graduate degree programs at the various University of California (UC) campuses are required to provide information about their risk for tuberculosis (TB) and their completion of certain vaccines before they can attend classes.

Although you will not be enrolled in a degree program, we strongly urge you to get all of the immunizations shown in the list below before you come here for your program, especially if your program will last for two or more months.

- Tdap (tetanus, diphtheria, pertussis) — a “booster” vaccine every 10 years for adults
- MMR (measles, mumps, rubella)
- Varicella (chicken pox)
- Meningococcal Conjugate (MCV4)

If you are from a region identified for higher rates of tuberculosis by the World Health Organization (Mexico, South or Central America, Eastern Europe, Asia, the Middle East, or Africa,) at http://gamapserver.who.int/gho/interactive_charts/tb/cases/atlas.html, we also strongly recommend that you get a TB blood (or a TB skin test) to make sure that you are not infected with the TB bacterium.

These immunizations are not required for admission or registration at UCR Extension, but we strongly recommend that you check your immunization records to be sure that you have had each vaccine.

Other immunizations which UC Riverside strongly recommends are:

- Hepatitis A
- Hepatitis B
- Tuberculosis BCG Vaccine
- Polio
- Meningococcal Conjugate
- Pneumococcal (PPSV23)

Getting immunizations in your country before you go to Riverside is best, but you can also arrange a medical appointment for immunizations after you arrive in Riverside. UCR Extension medical insurance covers the cost of the above immunizations.
